Rates for calls to mobile phones in all other countries are charged at 90p per minute.

Our service(s) and the call charges referred to above are subject to our terms and conditions as published on our website and forms part of the agreement with Intelligent Networks Limited and the customer for the provision of service(s).

Charges for NON-Geographical Numbers and Other Services

Destination	Pence per minute
0845	3.50p
0870	As per UK National fixed line call

0800/0808 - Freephone numbers

A monthly charge at the rate of £9.99 is made for the provision of freephone numbers. The person provided with the 0800/0808 number is then charged for incoming calls at a flat rate of 6.5p per minute. Calls from freephone numbers to mobiles are charged at 19.5p per minute.

0845 - Local rate number

A monthly charge at the rate of £9.99 is made for the provision of 0845 numbers. The person provided with the 0845 number is charged for all incoming calls at a flat rate as agreed with us. The caller pays for the incoming calls at the local rates charged by their service providers - in our case at a flat rate of 3.50p per minute.

0870 - National rate number

A monthly charge at the rate of £9.99 is made for the provision of 0870 numbers. The person provided with the 0870 number is charged for the use of the number at a

flat rate as agreed with us and the person making the outgoing call pays the rate charged by their service provider.

0871 - National rate number

Same terms as for the 0870 numbers except that incoming calls are charged to the caller at 10p per minute flat rate and a higher rebate is allowed to the person provided with the number.

090X - Premium rate numbers

A monthly charge at the flat rate of £14.99 is made for the provision of 090X numbers. The person receiving calls on these numbers receives a share of the call charges made for incoming calls.

Calls to premium rate numbers using our services are charged to the person making the outgoing call at between 10p and 150p per minute

BT rates quoted are BT Standard peak rate daytime tariffs. Call Divert services are only available from non-geographic numbers provided by us through our network provider. A Minimum charge of 3p applies to all calls. All rates exclude Value Added Tax. Calls from fixed line numbers to which we provide service under Carrier Pre-Selection to mobile phones may not register on the caller number display on the destination mobile handset. If you require caller number display on the mobile handset to be guaranteed we have to increase our charges to you on all outgoing calls by ten percent because we have to utilize additional bandwidth to carry the call traffic. Customers who have been provided with outgoing call services by any other provider other than BT may have a dial prefix built into their PBX or a separate dialler box. Your PBX should be reprogrammed and any dialler box bypassed or removed by your maintenance company or a qualified service engineer in order for outgoing call traffic to be routed through Intelligent Networks Limited. Intelligent Networks Limited will pay the costs (not exceeding £99.00) exclusive of any VAT of any such reprogramming or engineering work required to pass outgoing traffic to us as a credit to your first month's billing as a customer of Intelligent Networks Limited with any credit balance not utilized after the first month being available to offset call charges or other costs in subsequent months. Where any amount becomes payable by you in respect of the provision of call service(s) to you for calls to geographic or non-geographic destinations/ numbers and/ or premium rate numbers or any other call charges or other items not specifically referred to our standard tariff referred to above we will recharge any such costs to you at our cost with the addition of a mark up at our discretion, other charges may be made as provided in clause 8 of our terms and conditions
